

NATIVE PROJECT BUILD

Clear Harvest Market

Truckee Bakery, Juice, and Market Growth System

A stronger local-market build that combines family story, artisan bread, cold-pressed juice, baked goods, recipe sales, visitor messaging, and backend-ready marketing scaffolding.

Readable social-post format

Built from real project media

Exported as PNG and PDF

01 Brand Core

Family-run market identity with sourdough, baked goods, juice, and a stronger Truckee/Tahoe story.

02 Commerce Layer

Order hub, \$1 recipe lane, partner page, local visitor copy, and future direct-checkout structure.

03 Growth Engine

Admin/superadmin marketing package, lead routes, funnel logic,

What this asset is for

A deeper one-page social and promo overview built from the project's own visuals and offer language instead of a generic placeholder style.

Best use cases

- social teaser post
- client or partner snapshot
- offer deck support

and payment scaffolds for expansion.

04 Next Move

Add auth, datastore, CRM behavior, and tighter local SEO/content loops for steady regional growth.

- internal overview asset

Content basis

Drawn from current project pages, repo visuals, and the strongest positioning already present in each build.
